Care instructions

Wood

Temperature and Humidity:

Maintain a stable indoor climate to prevent wood from expanding or contracting. Avoid placing furniture near heat sources, air vents, or direct sunlight.

Protection from Spills:

Wipe up spills immediately with a soft, damp cloth to prevent stains and water damage. Use coasters, placemats, and tablecloths to protect surfaces from scratches, heat, and moisture.

Metal

Prevent Tarnishing:

For metals like brass or copper, use a gentle metal cleaner to prevent tarnishing. Regular maintenance can help keep the finish bright and free from discoloration.

Avoid Corrosive Elements:

Keep metal surfaces away from moisture, salt, and acidic substances. Use coasters, placemats, and felt pads to prevent direct contact with the metal.
